Selected by Another Ontario Supermarket Chain to Supply Chinese Meal Solutions

June 7, 2005

Ginger Beef Corporation (the "Corporation") is pleased to announce that it has been selected to supply their pre-packaged "ready-to-eat" Chinese food entrees and "ready-to-heat" bulk food service products to a regional supermarket chain based in Eastern Ontario. With over 38 retail outlets in Ottawa and North Eastern Ontario, the new business partnership allows the Corporation to extend its market presence as it continues to make its foray into Eastern Canada. The Ontario grocer is a wholly owned subsidiary of a leading Quebec-based supermarket chain with over 240 locations which potentially will enhance Ginger Beef's growth in Eastern Canada.

The Corporation's Chinese food program will be listed in the ready-to-eat entrée and home meal replacement department of this Ontario grocer's banner stores. With an assortment of "ready-to-heat" bulk Chinese products displayed in woks and pre-packaged entrees available, the grocer can truly create an authentic Asian theme. As competition intensifies, more grocers are adding Ginger Beef's diverse product line to gain more market share and to offer more exciting choices for today's busy consumers.

"We've had a very exciting year-to-date. As we continue to gain more exposure in Eastern Canada, we expect to continue adding more customers and product listings from coast to coast. Ranging from sectors such as supermarkets, warehouse clubs, convenience stores, and restaurant chains, we feel we have the right food solutions to compliment all their needs. It's just a matter of working closely with our customers and being flexible enough to meet each of their specific requirements and expectations", says Stanley Leung, CEO and President.

All Ginger Beef products follow the highest quality and safety standards established by the Canadian Food Inspection Agency and use only meat inspected by this Agency.
